

Enumclaw Segment: SE 424th Street to Griffin Street (SR 164)

What does this segment look like today?

One lane in each direction.

**SE 424th Street
(Urban Growth Boundary)**

Griffin Street (SR 164)

What are the problems?

Traffic Backups: There is frequent truck traffic and limited opportunities to pass slower vehicles.

Safety & Traffic Backups: Vehicles stopping to make left turns at points on the road without left turn lanes create traffic backups and safety concerns.

Safety: Cars parked on the shoulder create safety hazards. There is limited shoulder for children to walk safely to and from school.
